29. (Internal Use Only - MMP) LIAISON Ira Goldman, House Permanent Select Committee on Intelligence staff, told me that he did not understand why the DCI had called House Minority Leader ✓ John J. Rhodes (R., Ariz.) to urge that passage of H.R. 7308 (Foreign Electronic Surveillance Bill) was imperative, and that the telephone companies need the warrant to continue supporting the Intelligence Community. Mr. Goldman's point was that this subject had been discussed in some detail with senior Agency officials and that he (Mr. Goldman) thought that the point had been made that the companies have stated that they do not need the warrant to support the Intelligence Community.

✓ 30. (Internal Use Only - MMP) LIAISON Provided a copy of S. 1578 to Pat Long, House Permanent Select Committee on Intelligence staff, for passage to Representative Bob Wilson (R., Calif.) I told Mr. Long that the bill looks alright to us, but that we were conducting an analysis of the bill and would provide that analysis to both Senator Lloyd Bentsen (D., Texas) and Representative Wilson as soon as possible.

✓ 14. (Unclassified - DFM) LIAISON Received a call from Stan Taylor, Senate Select Committee on Intelligence staff, who said S. 2236, the bill regarding international terrorism, would be reported out of the Committee without a recommendation that it be passed. Taylor said the report would summarize the results of the Committee's hearings on the bill and he needed an Agency representative to review the report for security reasons this afternoon. I agreed to ask [] OLC, to do this.
